1.2 Struktur Business Manager yang Ideal

Struktur Business Manager yang baik memudahkan manajemen dan scaling.

Struktur untuk Single Brand:

```
Business Manager
├── Pages
│   └── Brand Page
├── Instagram Accounts
│   └── Brand Instagram
├── Ad Accounts
│   ├── ID Ads (untuk market Indonesia)
│   └── SG Ads (untuk market Singapura)
├── Pixels
│   └── Website Pixel
├── Catalogs
│   └── Product Catalog
└── People
    ├── Admin (Owner)
    ├── Employee (Marketing Team)
    └── Partner (Agency/Freelancer)
```

Struktur untuk Multi-Brand:

```
Business Manager
├── Pages
│   ├── Brand A Page
│   ├── Brand B Page
│   └── Brand C Page
├── Instagram Accounts
│   ├── Brand A Instagram
│   ├── Brand B Instagram
│   └── Brand C Instagram
├── Ad Accounts
│   ├── Brand A Ads
│   ├── Brand B Ads
│   └── Brand C Ads
├── Pixels
│   ├── Brand A Pixel
│   ├── Brand B Pixel
│   └── Brand C Pixel
└── People
    ├── Admin (Owner)
    ├── Brand A Manager
    ├── Brand B Manager
    └── Brand C Manager
```

Tips:

- Gunakan satu Business Manager untuk semua brand Anda
- Pisahkan ad account per brand atau per market
- Assign role yang jelas untuk setiap team member
- Backup admin minimal 2 orang

1.3 Verifikasi Domain dan Business

Verifikasi domain dan business meningkatkan trust dan解锁 fitur advanced.

Domain Verification:

1. Di Business Settings, klik "Brand Safety" > "Domains"
2. Klik "Add" dan masukkan domain Anda
3. Pilih verification method:
   - DNS TXT record (recommended)
   - HTML file upload
   - Meta tag
4. Verify domain

3. Upload dokumen:
    - Business license
    - Tax ID
    - Utility bill
4. Tunggu approval (3-5 hari kerja)

Keuntungan verifikasi:

- Akses ke advanced features
- Increased trust dari Facebook
- Higher ad account limits
- Better delivery optimization

1.4 Setup Payment Method

Setup payment method yang benar memastikan ads Anda tidak terganggu.

Opsi Payment Method:

1. Credit/Debit Card

- Visa, Mastercard, American Express
- Auto-charge saat threshold tercapai
- Best for: Small to medium budget

2. PayPal

- Link PayPal account
- Auto-charge saat threshold tercapai
- Best for: International business

3. Manual Payment (Bank Transfer)

- Top-up balance manually
- Ads berhenti saat balance habis
- Best for: Budget control

Tips:

- Gunakan credit card untuk cash flow
- Setup multiple payment methods sebagai backup
- Monitor spending limit
- Enable auto-top up jika perlu

Bab 2: Memahami Campaign Structure

Campaign structure yang baik adalah fondasi kesuksesan Facebook Ads Anda.

2.1 Hierarki Campaign Facebook Ads

Facebook Ads memiliki 3 level hierarki yang harus Anda pahami.

Level 1: Campaign

- Objective: Apa tujuan Anda?
- Budget: Berapa budget total?
- Schedule: Kapan ads berjalan?
- Campaign Budget Optimization (CBO): Ya/Tidak

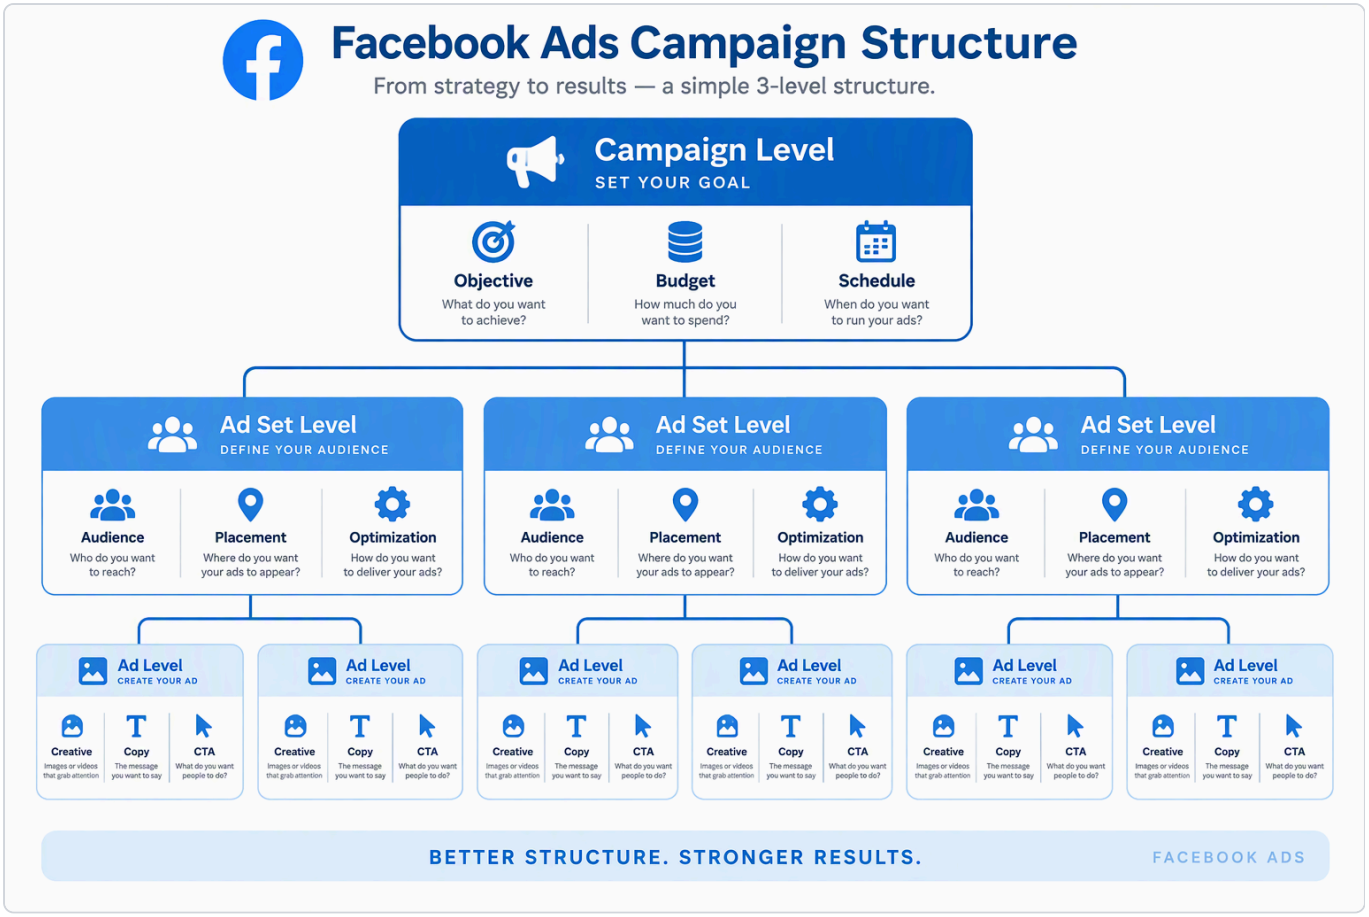

Level 2: Ad Set

- Audience: Siapa target Anda?
- Placement: Di mana ads tampil?
- Budget: Berapa budget per ad set? (jika CBO off)
- Schedule: Kapan ad set berjalan?
- Optimization: Apa yang dioptimasi?
- Bid Strategy: Bagaimana bidding?

Level 3: Ad

- Creative: Gambar/video apa?
- Copy: Teks apa?
- CTA: Button apa?
- Destination: Link ke mana?

Tips:

- Pisahkan cold audience dan warm audience
- Test multiple ad sets untuk find winning audience
- Limit 3-5 ads per ad set
- Pause underperforming ads setelah 3-5 hari
- Scale winning ad sets dengan increase budget 20-30%

Bab 3: Riset Audience dan Targeting

Targeting yang tepat adalah kunci kesuksesan Facebook Ads Anda.

3.1 Memahami Facebook Audience Types

Facebook menawarkan 3 jenis audience yang bisa Anda target.

1. Core Audiences

- Demographics: Age, gender, education, relationship status
- Location: Country, city, radius
- Interests: Hobbies, pages they follow, activities
- Behaviors: Purchase behavior, device usage, travel

2. Custom Audiences

- Website visitors (via Facebook Pixel)
- Customer list (email, phone, name)
- App users (app events)
- Engagement (Instagram, Facebook, Messenger)
- Video viewers
- Lead form openers

3. Lookalike Audiences

- Based on Custom Audience
- 1-10% similarity
- 1% = most similar, smallest reach
- 10% = least similar, largest reach

3.2 Core Audience Targeting

Core audience targeting menggunakan data yang sudah dimiliki Facebook.

Demographics Targeting:

Age:

- 18-24: Gen Z, students, first jobbers
- 25-34: Millennials, young professionals, new parents
- 35-44: Gen X, established professionals, parents
- 45-54: Older Gen X, mid-career, empty nesters
- 55-64: Baby boomers, pre-retirement
- 65+: Seniors, retirees

Gender:

- All genders (default)
- Men only
- Women only

Education:

- Small business owners: Yes/No

Location Targeting:

Options:

- Country: Indonesia
- Region: Jawa Barat, Jawa Timur, dll
- City: Jakarta, Surabaya, Bandung
- Radius: 1-50 miles from location
- Exclude locations

Tips:

- Target lokasi di mana pelanggan Anda berada
- Gunakan radius targeting untuk local business
- Exclude lokasi yang tidak relevan
- Test multiple locations

Interest Targeting:

Categories:

- Business and industry
- Entertainment
- Family and relationships
- Fitness and wellness
- Food and drink
- Hobbies and activities
- Shopping and fashion
- Sports and outdoors

- Technology

Examples:

- Fashion: Batik, hijab fashion, streetwear
- Food: Indonesian cuisine, coffee, cooking
- Business: Entrepreneurship, small business, marketing
- Technology: Smartphones, gadgets, software

Behavior Targeting:

Categories:

- Purchase behavior: Online shoppers, luxury goods buyers
- Digital activities: Facebook page admins, Instagram users
- Travel: Frequent travelers, commuters
- Mobile device use: iOS users, Android users, specific devices
- Expats: Indonesia expats, living abroad

Tips:

- Combine multiple interests untuk narrow audience
- Use behaviors untuk high-intent audience
- Test broad vs narrow targeting
- Monitor audience size (recommended: 50K-500K untuk Indonesia)

3.3 Custom Audience Creation

Custom audience adalah orang yang sudah berinteraksi dengan bisnis Anda.

Website Custom Audience:

Requirements:

- Facebook Pixel installed on website
- Minimum 100 visitors per month

Steps:

1. Di Ads Manager, klik Custom Audiences
2. Klik Create Custom Audience
3. Pilih Website
4. Select pixel
5. Choose events:
   - All website visitors
   - Visitors by specific pages

Tips:

- Create multiple custom audiences untuk segmentation
- Use shorter retention window untuk recent engagers
- Exclude converters dari prospecting audience
- Update custom audiences secara berkala

3.4 Lookalike Audience Strategy

Lookalike audience adalah orang yang mirip dengan custom audience Anda.

How Lookalike Works:

1. Anda provide source audience (custom audience)
2. Facebook analyze karakteristik source audience
3. Facebook find orang baru yang mirip
4. Anda pilih similarity level (1-10%)

Similarity Levels:

1% Lookalike:

- Most similar to source
- Smallest reach (1-2 juta orang di Indonesia)
- Highest conversion rate
- Best for: Scaling winning campaigns

3% Lookalike:

- Moderate similarity
- Medium reach (3-5 juta orang di Indonesia)
- Good balance of reach and conversion
- Best for: Testing new audiences

5% Lookalike:

- Lower similarity
- Larger reach (5-10 juta orang di Indonesia)
- Lower conversion rate
- Best for: Awareness campaigns

Produk Digital Asli SNISHOP.COM

10% Lookalike:

- Least similar
- Largest reach (10-20 juta orang di Indonesia)
- Lowest conversion rate

© 2026 SNISHOP.COM - Semua Hak Dilindungi | *Dilarang menggandakan, mendistribusikan, atau memodifikasi tanpa izin tertulis*

- Best for: Broad targeting

Best Source Audiences:

High Quality:

- Purchasers (30-90 days)
- Add to cart (30 days)
- Initiate checkout (30 days)
- Leads (30 days)

Medium Quality:

- Website visitors (30 days)
- Video viewers (75%)
- Page engagers (90 days)
- Customer list (high LTV)

Low Quality:

- All website visitors (180 days)
- Video viewers (any)
- Page followers

Tips:

- Start dengan 1% lookalike dari purchasers
- Test multiple source audiences
- Create lookalike dari top 10% customers
- Exclude existing customers dari lookalike
- Refresh lookalike setiap 30 hari

4.2 Design Principles untuk Ad Creative

Creative yang baik mengikuti prinsip desain yang proven.

1. Visual Hierarchy

© 2026 SNISHOP.COM - Semua Hak Dilindungi | *Dilarang menggandakan, mendistribusikan, atau memodifikasi tanpa izin tertulis*

Elements:

- Focal point: Element yang paling menarik perhatian
- Supporting elements: Element yang mendukung message
- Background: Element yang tidak mengganggu

Tips:

- Use contrast untuk focal point
- Limit to 1-2 focal points
- Use white space untuk breathing room
- Test multiple layouts

2. Color Psychology

Colors:

- Red: Urgency, excitement, passion
- Blue: Trust, calm, professionalism
- Green: Nature, health, growth
- Yellow: Optimism, happiness, warning
- Purple: Luxury, creativity, wisdom
- Orange: Energy, fun, affordability
- Black: Sophistication, power, elegance
- White: Clean, simple, minimal

Tips:

- Use brand colors untuk consistency
- Use contrasting colors untuk CTA
- Test color combinations
- Consider cultural meanings

3. Typography

Fonts:

- Sans-serif: Modern, clean, readable
- Serif: Traditional, elegant, trustworthy
- Script: Personal, creative, feminine
- Display: Bold, attention-grabbing, decorative

Tips:

- Limit to 2-3 fonts

- Use hierarchy (heading, subheading, body)
- Ensure readability di mobile
- Use web-safe fonts

4. Composition

Rules:

- Rule of thirds: Place elements at intersection points
- Leading lines: Guide eye to focal point
- Symmetry: Create balance and harmony
- Framing: Use elements to frame subject

Tips:

- Use grid system untuk consistency
- Test multiple compositions
- Consider mobile viewing
- Leave space untuk text overlay

4.3 Ad Creative Best Practices

Best practices untuk meningkatkan performa ad creative Anda.

Do's:

- Use high-quality images dan videos
- Include product di center
- Add text overlay untuk context
- Use contrasting colors untuk CTA
- Test multiple creatives (3-5 per ad set)
- Refresh creatives setiap 2-3 minggu
- Use vertical format untuk Stories dan Reels
- Include social proof (testimonials, ratings)
- Show benefit, bukan feature
- Use clear dan visible CTA button

- Jangan gunakan inconsistent branding

Tips:

- A/B test one element at a time
- Analyze which creatives perform best
- Repurpose top-performing creatives
- Create variations untuk different audiences
- Use Facebook Creative Hub untuk mockups
- Follow platform-specific guidelines

Bab 5: Writing Ad Copy yang Converting

Ad copy yang efektif menggabungkan psychology, storytelling, dan persuasion.

5.1 Formula Ad Copy yang Menjual

Copy yang converting mengikuti formula yang proven.

Formula AIDA:

Attention:

- Hook di baris pertama
- Pertanyaan atau statement menarik
- Emoji untuk visual break

Interest:

- Cerita atau masalah
- Relatable dengan audience
- Build curiosity

Action:

- Call-to-action yang jelas
- Urgency atau scarcity
- Link atau button

Contoh:

```
Mau batik berkualitas ekspor tapi harga pabrik? (Attention)

Banyak pelanggan kami yang awalnya ragu karena sering kecewa dengan kualitas batik online. Tapi setelah mencoba, mereka ketagihan dan order lagi. (Interest)

Batik Solo menggunakan bahan katun premium dan pewarna alami yang aman untuk kulit sensitif. Setiap motif dibuat oleh pengrajin berpengalaman 20+ tahun. (Desire)

Klik link di bio untuk lihat katalog lengkap dan dapatkan diskon 10% untuk pembelian pertama! (Action)
```

Formula PAS:

Problem:

- Identifikasi masalah
- Pain point audience
- Relatable situation

Agitate:

- Perbesar masalah
- Konsekuensi jika tidak diatasi
- Emotional trigger

Solution:

- Tawarkan solusi
- Benefit dan feature
- How to get it

Contoh:

```
Sering kecewa beli batik online tapi kualitasnya mengecewakan? (Problem)

Bukan hanya uang yang terbuang, tapi juga waktu dan energi untuk retur. Belum lagi risiko dapat batik yang bukan tulis tapi cap. (Agitate)

Di Batik Solo, kami guarantee 100% batik tulis premium dengan sertifikat keaslian. Jika tidak puas, uang kembali 100%. (Solution)
```

Formula 4U:

Urgent:

- Time-sensitive offer
- Limited availability
- Deadline

Unique:

- Differentiator
- Competitive advantage
- One-of-a-kind

Ultra-specific:

- Exact numbers
- Specific details
- Concrete data

Useful:

- Clear benefit
- Solve problem
- Add value

Contoh:

```
Flash Sale 24 Jam! (Urgent)

Satu-satunya batik tulis premium dengan sertifikat keaslian di Indonesia. (Unique)

Diskon 30% untuk 50 pembeli pertama. (Ultra-specific)

Dapatkan batik berkualitas ekspor dengan harga pabrik. (Useful)
```

5.2 Headline yang Menarik Perhatian

Headline adalah elemen pertama yang dibaca audience.

Types of Headlines:

1. Question Headline

- "Mau tahu cara...?"
- "Sering mengalami...?"
- "Tahukah Anda...?"

2. How-to Headline

- "Cara mendapatkan... dalam 7 hari"
- "Panduan lengkap..."
- "Step-by-step..."

3. List Headline

- "5 cara untuk..."
- "7 tips..."
- "10 kesalahan..."

4. Testimonial Headline

- "Kata pelanggan kami..."
- "Review dari..."
- "Testimoni..."

5. Curiosity Headline

- "Rahasia yang tidak diketahui..."
- "Yang tidak diajarkan di sekolah..."
- "Hack yang jarang orang tahu..."

Tips:

- Keep it short (5-10 words)
- Use power words (gratis, rahasia, terbukti)
- Include number jika possible
- Make it relevant to audience
- Test multiple headlines

5.3 Body Copy yang Engaging

Body copy adalah bagian utama dari ad Anda.

Structure:

Paragraph 1: Hook

- Grab attention
- State problem atau benefit
- Make it relatable

Paragraph 2: Story

- Tell a story

- Build emotion
- Create connection

Paragraph 3: Solution

- Present your product/service
- Explain benefits
- Show how it works

Paragraph 4: Proof

- Social proof
- Testimonials
- Results/data

Paragraph 5: CTA

- Clear call-to-action
- Urgency/scarcity
- Next step

Tips:

- Use short paragraphs (2-3 sentences)
- Use bullet points untuk readability
- Use line breaks untuk white space
- Write conversationally
- Focus on benefits, not features
- Include keywords untuk relevance

5.4 Call-to-Action yang Efektif

CTA adalah element yang mendorong audience untuk take action.

Types of CTA:

Direct CTA:

- "Order sekarang!"
- "Beli sekarang!"
- "Daftar hari ini!"

- "Kunjungi website"

Urgency CTA:

- "Promo berakhir besok!"
- "Stok terbatas!"
- "Kesempatan terakhir!"

Benefit CTA:

- "Dapatkan diskon 50%"
- "Free ongkir hari ini"
- "Bonus eksklusif"

Tips:

- Use action verbs
- Make it clear dan specific
- Create urgency jika possible
- Align dengan campaign objective
- Test multiple CTAs
- Place CTA di akhir copy

Bab 6: Budget Allocation dan Bidding Strategy

Budget yang tepat memastikan Anda mendapatkan ROI optimal.

6.1 Memahami Facebook Ads Budget

Budget Facebook Ads bisa di-set di level campaign atau ad set.

Types of Budget:

1. Daily Budget

- Amount per day
- Facebook spend evenly throughout day
- Best for: Consistent delivery
- Minimum: $1/day (Rp 15.000)

6.2 Budget Allocation Strategy

Strategi allocation budget yang efektif untuk maximize ROI.

Formula Budget:

Testing Phase:

```
Daily Budget = Rp 100.000-200.000
Duration = 3-5 days
Goal = Find winning audience dan creative
```

Scaling Phase:

```
Daily Budget = Rp 500.000-2.000.000
Duration = 7-14 days
Goal = Scale winning ad sets
```

Optimization Phase:

```
Daily Budget = Rp 2.000.000-10.000.000+
Duration = Ongoing
Goal = Maximize ROI
```

Budget Distribution:

Awareness Campaigns (30%):

- Brand awareness
- Reach
- Video views
- Goal: Top of funnel

Consideration Campaigns (40%):

- Traffic
- Engagement
- Lead generation
- Goal: Middle of funnel

Conversion Campaigns (20%):

- Conversions
- Catalog sales
- Goal: Bottom of funnel

Retargeting Campaigns (10%):

- Website visitors
- Engagement custom audience
- Goal: Re-engage warm audience

Tips:

- Start dengan budget kecil untuk testing
- Scale up 20-30% setiap 3-5 hari
- Jangan scale lebih dari 50% dalam sehari
- Monitor frequency (target: < 3)
- Adjust budget berdasarkan performance

6.3 Bidding Strategy

Bidding strategy menentukan bagaimana Facebook spend budget Anda.

Types of Bidding:

1. Lowest Cost (Recommended)

- Facebook get lowest cost per result
- Budget spent sepenuhnya
- Best for: Most campaigns
- Use when: You want maximum results

2. Target Cost

- Facebook maintain average cost per result
- Budget mungkin tidak spent sepenuhnya
- Best for: Consistent CPA
- Use when: You have specific CPA target

3. Bid Cap

- Facebook never bid above your cap
- Budget mungkin tidak spent sepenuhnya
- Best for: Cost control
- Use when: You want to limit maximum bid

4. Minimum ROAS

- Facebook optimize untuk return on ad spend
- Best for: E-commerce
- Use when: You have specific ROAS target

- Goal: Maximum reach
- Expected CPM: Rp 20.000-50.000

Consideration:

- Strategy: Lowest Cost atau Target Cost
- Goal: Maximum clicks/leads
- Expected CPC: Rp 1.000-3.000

Conversion:

- Strategy: Lowest Cost atau Minimum ROAS
- Goal: Maximum purchases
- Expected CPA: Rp 50.000-200.000

Tips:

- Start dengan Lowest Cost untuk learning
- Switch ke Target Cost setelah data cukup
- Use Bid Cap untuk control cost
- Monitor frequency dan adjust bid
- Test multiple bidding strategies

6.4 Cost Control dan Optimization

Teknik untuk mengontrol cost dan mengoptimasi budget.

Cost Control Tactics:

1. Set Budget Caps

- Daily budget cap
- Lifetime budget cap
- Prevent overspending

2. Use Bid Caps

- Maximum bid per result
- Control cost per acquisition
- Prevent high bids

4. Frequency Cap

- Limit how often people see your ad
- Prevent ad fatigue
- Maintain engagement

Optimization Tactics:

1. Kill Underperformers

- Pause ads dengan CTR < 1%
- Pause ad sets dengan CPA > target
- Kill setelah 3-5 days

2. Scale Winners

- Increase budget 20-30% untuk winning ads
- Duplicate winning ad sets
- Expand audience

3. Refresh Creatives

- Replace ads setiap 2-3 weeks
- Test new angles
- Prevent fatigue

4. Optimize Audience

- Narrow audience jika CPA tinggi
- Broaden audience jika reach rendah
- Test lookalike audiences

Tips:

- Monitor metrics daily
- Make data-driven decisions
- Document learnings
- Continuously test dan optimize

Tips:

- Use default settings untuk most cases
- Adjust berdasarkan business model
- Compare attribution windows
- Track view-through conversions

Bab 8: Retargeting dan Lookalike Audience

Retargeting dan lookalike adalah strategi advanced untuk maximize ROI.

8.1 Retargeting Strategy

Retargeting adalah menampilkan ads ke orang yang sudah berinteraksi dengan bisnis Anda.

Why Retargeting Works:

- 97% visitors tidak convert di first visit
- Retargeting keep your brand top-of-mind
- Higher conversion rate (10x vs cold audience)
- Lower cost per acquisition

Retargeting Segments:

1. Website Visitors

- All visitors (7 days)
- Product viewers (14 days)
- Add to cart (30 days)
- Checkout initiators (7 days)
- Past purchasers (90 days)

2. Engagement Audiences

- Page engagers (30 days)
- Video viewers (75% watched)
- Instagram profile visitors (30 days)
- Lead form openers (90 days)

3. Customer List

- Email subscribers
- Past customers
- High LTV customers
- Inactive customers

Retargeting Campaign Structure:

Campaign 1: Cart Abandonment

- Audience: Add to cart 7 days, no purchase
- Objective: Conversions
- Ad: Reminder + discount code
- Budget: 30% of total

Campaign 2: Product Viewers

- Audience: Viewed content 14 days
- Objective: Conversions
- Ad: Product showcase + testimonials
- Budget: 20% of total

Campaign 3: Past Purchasers

- Audience: Purchased 90 days
- Objective: Catalog sales
- Ad: Cross-sell + upsell
- Budget: 15% of total

Campaign 4: Engagement Retargeting

- Audience: Page engagers 30 days
- Objective: Traffic
- Ad: Educational content + CTA
- Budget: 10% of total

Tips:

- Exclude converters dari retargeting
- Use frequency cap (3-5 per week)
- Refresh creatives setiap 2 weeks
- Test multiple retargeting segments

8.2 Lookalike Audience Strategy

Produk Digital Asli SNISHOP.COM
Dilarang Menjual, Copy, Distribusi, Modifikasi

Lookalike audience adalah orang yang mirip dengan custom audience Anda.

Why Lookalike Works:

- Facebook find people similar to your best customers
- Higher conversion rate vs cold audience
- Scalable reach

© 2026 SNISHOP.COM - Semua Hak Dilindungi | *Dilarang menggandakan, mendistribusikan, atau memodifikasi tanpa izin tertulis*

- Cost-effective acquisition

Best Source Audiences:

High Quality Sources:

- Purchasers (30-90 days)
- Add to cart (30 days)
- High LTV customers
- Email subscribers (high engagement)

Medium Quality Sources:

- Website visitors (30 days)
- Video viewers (75%)
- Page engagers (90 days)
- Lead form submissions

Low Quality Sources:

- All website visitors (180 days)
- Page followers
- Video viewers (any duration)

Lookalike Percentages:

1% Lookalike:

- Most similar to source
- Smallest reach (1-2 juta)
- Highest conversion rate
- Best for: Scaling winners

3% Lookalike:

- Moderate similarity
- Medium reach (3-5 juta)
- Good balance
- Best for: Testing

5% Lookalike:

- Lower similarity
- Larger reach (5-10 juta)
- Lower conversion
- Best for: Awareness

Produk Digital Asli SNISHOP.COM

10% Lookalike:

- Least similar
- Largest reach (10-20 juta)
- Lowest conversion
- Best for: Broad targeting

Lookalike Strategy:

Phase 1: Testing (Week 1-2)

- Create 1%, 3%, 5% lookalike dari purchasers
- Test dengan budget kecil (Rp 100.000/day)
- Monitor CTR dan CPA

Phase 2: Scaling (Week 3-4)

- Scale winning lookalike (1% atau 3%)
- Increase budget 20-30%
- Add more ad sets

Phase 3: Expansion (Week 5+)

- Create lookalike dari different sources
- Test 5% dan 10% lookalike
- Diversify audiences

Tips:

- Start dengan 1% lookalike dari purchasers
- Exclude existing customers
- Refresh lookalike setiap 30 days
- Test multiple source audiences

8.3 Advanced Retargeting Tactics

Advanced tactics untuk maximize retargeting performance.

1. Sequential Retargeting

- Automatic vs manual
- Mobile vs desktop

5. Objective

- Awareness vs consideration
- Traffic vs conversions
- Lead gen vs sales
- Different optimization goals

How to A/B Test:

Step 1: Hypothesis

- "Video ads akan perform lebih baik dari image ads"

Step 2: Create Variations

- Variation A: Image ad
- Variation B: Video ad

Step 3: Split Audience

- 50% see variation A
- 50% see variation B

Step 4: Run Test

- Duration: 3-7 days
- Budget: Equal split
- Metrics: CTR, CPC, CPA

Step 5: Analyze Results

- Which variation performed better?
- Is difference statistically significant?
- What did you learn?

Step 6: Implement Winner

- Scale winning variation
- Kill losing variation
- Document learnings

- Confidence level: 95%
- Margin of error: 5%

Tools:

- Facebook A/B Test tool
- Google Optimize
- Optimizely
- VWO

Tips:

- Test one variable at a time
- Run tests for minimum 3 days
- Use statistical significance calculator
- Document all tests dan results

9.4 Optimization Tactics

Taktik untuk optimize campaign performance.

1. Kill Underperformers

When to Kill:

- CTR < 1% setelah 3 days
- CPA > 2x target setelah 5 days
- Frequency > 3 setelah 7 days
- ROAS < 1x setelah 7 days

How to Kill:

- Pause ad atau ad set
- Document reason
- Learn dari mistakes

2. Scale Winners

When to Scale:

- CPA < target
- ROAS > 3x
- CTR > 2%
- Conversion rate > 3%

How to Scale:

- Increase budget 20-30%
- Duplicate winning ad set
- Expand audience
- Test new creatives

3. Refresh Creatives

When to Refresh:

- Frequency > 3
- CTR declining
- Engagement dropping
- Every 2-3 weeks

How to Refresh:

- Create new images/videos
- Test new copy angles
- Use different CTAs
- Try new formats

4. Optimize Audience

When to Optimize:

- CPM terlalu tinggi
- Reach terlalu rendah
- CPA terlalu tinggi
- Conversion rate rendah

How to Optimize:

- Narrow audience jika CPA tinggi
- Broaden audience jika reach rendah
- Test lookalike audiences
- Exclude converters

5. Adjust Bidding

When to Adjust:

- Budget tidak spent
- CPA terlalu tinggi
- ROAS terlalu rendah
- Delivery lambat

- Increase/decrease bid cap
- Change optimization goal
- Adjust budget

Tips:

- Monitor metrics daily
- Make data-driven decisions
- Document all changes
- Continuously test dan optimize

Bab 10: Studi Kasus

Studi kasus real dari bisnis Indonesia yang berhasil dengan Facebook Ads.

Studi Kasus 1: Batik Solo - Dari Rp 15 Juta ke Rp 150 Juta Penjualan per Bulan

Latar Belakang: Batik Solo adalah UMKM keluarga di Yogyakarta yang menjual batik tulis dan cap. Sebelum Facebook Ads, penjualan mereka stagnan di Rp 15 juta/bulan.

Strategi:

- Setup Facebook Business Manager dan Pixel
- Implementasi campaign structure 3 layer (awareness, consideration, conversion)
- Target core audience: Interest batik, fashion, Indonesian culture
- Create lookalike audience dari customer list
- Retarget website visitors dan engagement audience
- Budget: Rp 5 juta/bulan

Hasil (6 bulan):

- Penjualan bulanan: Rp 15 juta → Rp 150 juta (+900%)
- ROAS: 30x (Rp 150 juta revenue / Rp 5 juta ad spend)
- CPA: Rp 75.000 per purchase
- Conversion rate: 4.5%
- Customer acquisition: 2.000 new customers
